ABOUT JOURNAL

Free Radicals and Antioxidants www.antiox.org
It is a peer reviewed journal aiming to communicate high quality research articles, short communications, and reviews in the field of free radicals and antioxidant biology. The journal aims to further research into the physiological, pathobiological, functional and therapeutic implications and applications of free radical biology and antioxidant agents. The Journal welcomes original contributions examining various aspects of the biological role of free radicals through *in vitro*, *in vivo* and animal model studies.

SUBJECTS COVERED

Physiological, Pathobiological, functional and Therapeutic implications of free radical biology and antioxidant agents including medicinal plants
